The plate used was a Carbutt A, grade of sensitiveness 12, and was exposed 10 seconds, between the 38th and 48th seconds after second contact. Those beautiful polar rays must stand out on the original negative with charming delicacy, because they are so well shown in this picture. We congratulate Professor Pickering on the success of his photographic work of the late eclipse. Observatory at Iowa College, Grinnell. A recent letter from Professor Buck, by whose earnest labors an Observatory has been recently equipped for Iowa College, informs us that a time service for the city of Grinnell is already in operation. He has contrived an ingenious device by which the steam whistles in the city may be blown daily that the Observatory time may be known. This is now done by a pushbutton in Professor Bucks studv.
