Brand New Book ***** Print on Demand *****.Sex and death, violence, mind control, and global manipulation: this is the arena in which the Acid Fighter plays out, following an artist-as-agent provocateur through a kaleidoscope of violence: the black-on-black ops, urban pacification and better warfare through chemistry. Beneath the action is the story of collapsing the ego, the conscious decision to rewrite the persona in the wake of deliberate, multiple schizophrenic breaks: through experience that cannot be reconciled to the conscience, erasing the irreconcilable through behavioral modification, electro- and insulin shock and LSD therapy, he is made a governmental sociopath with a mission. From the wastelands of backwater violence to hedonistic enclaves of the nouveau riche, the artist persona of the protagonist-his artistic technique, unbidden flashbacks, and a greater unnamed loss that cannot endured- are reflected in the writing style and mirror the artists schizophrenic dissolution as well, and he is precariously balanced between the desire to destroy everything rather than feel the pain and assuaging grief, repressed awareness and inhibited loss, through various sexual encounters in a never satisfied imitation of love lost. Acid Fighter is unremittingly disturbing, violent, and erotic, the concepts of good and evil, past and present, become interchangeable as the action erodes the protagonist's protective, crumbling psyche, leaving behind a trail of dead and damaged on all sides, toward a toast-to yet another personal immolation at the end of the world.
