# Correct Scores - a Guide to Betting on Football (Paperback)

By Jason Houlsby

Harry Haller Publishing, United Kingdom, 2013. Paperback. Book Condition: New. 194 x 124 mm. Language: English . Brand New Book ***** Print on Demand *****.Some people think that trying to predict the result of a football match is largely a waste of time. They instinctively know that anything can happen in those 90 minutes and often does . It s true that you can never predict the result of a football match with any degree of certainty, but that doesn t mean that football is wholly unpredictable. A football match is probabilistic in nature and always involves an element of God plays dice . Freak results happen and they are largely unpredictable, but they happen no more often than they should and the best teams win more often than not. To be profitable betting on football it s important to evaluate probabilities rather than predict winners and to use a value based approach to betting. You ll need to establish what factors are important and therefore what information is relevant and you ll need to understand the nature of the problem space. The traditional approach to data processing for football is to use ratings and statistics, however neural networks provide...
