

Brainiacs: An Imaginative Journey Through the Nervous System (Paperback)

By Dr Heather Manley

Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 216 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Human Body Detectives Merrin and Pearl are at it again. Their magical ability to jump into people's bodies and explore their systems (digestive, skeletal, nervous, circulatory, and immune) combines science with their fun adventures to help kids understand their anatomy and how their bodies work. In Brainiacs, Merrin and Pearl venture in to the nervous system when their favorite teacher, Ms. Anderson, spills hot tea on her leg. On the way to her brain to examine how she'll react, Merrin and Pearl ride a nerve impulse, bounce among dendrites, explore the brain's gray matter, and so much more. In the end, they not only learn how messages are communicated between the brain and the body, but they also get a firsthand lesson on the functions of the nervous system. Brainiacs is one of five stories featured in the Human Body Detectives book and curriculum series, along with The Lucky Escape, Battle with the Bugs, A Heart Pumping Adventure, and Osteoblasts to the Rescue.

Reviews

Complete guideline! Its this kind of good read. It can be writter in easy terms rather than difficult to understand. I am delighted to tell you that here is the very best book i have got go through during my very own lifestyle and might be he greatest ebook for at any time.

-- **Bill Klein**

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
